

# ARE YOU INTERESTED IN BECOMING A HEALTH PROFESSIONAL ?

If you are considering going to medical school, dental, veterinary or other health professional school, the following programs might be beneficial for you:

- B.S. University Studies - Oceans and One Health
  - A unique pre-health curriculum that can be tailored depending on your professional goals
- JAMP Program
  - JAMP is a program that provides support to highly qualified, economically disadvantaged Texas resident students in their pursuit for a career in medicine.
  - <https://www.texasjamp.org/>
- Pre-health Advising
  - Faculty and staff at Texas A&M Galveston are available to assist you in exploring health-related careers, your overall education, and your preparation to become a competitive applicant for your desired professional school or program.
